Quick Start

A practical setup guide for adults.

1. Choose a goal

Pick minutes, pages, sessions, or completed books.

2. Record briefly

Write the title and one small reaction after reading.

3. Talk about meaning

Use the response pages for conversation, not a test.

4. Celebrate consistency

Notice returning to reading, not just finishing books.

Keep it simple

Use the pages that match the reader. A child may draw, dictate, or write short phrases.

Printing & Reuse

Choose the setup that fits your home or classroom.

Flexible use

Print a log for each month or choose one response page after a meaningful book.

Support developing writers

Let the child dictate while an adult records. Focus on ideas before spelling.

Protect reading joy

Do not require every page after every book. Invite choice and stop before tracking becomes a burden.

Recommended print settings

US Letter • 100% / Actual Size • portrait orientation.
Test one page on regular paper before using cardstock, lamination, or a dry-erase sleeve.
